

Roti Bank Independence Day Special

FREEING INDIA FROM HUNGER

As Indians, we need to look out for our Indian brothers and sisters, no matter their caste, creed or religious background.

Despite our rich heritage, our country still has many impoverished pockets where families and small children go hungry every night.

On the 15th of August, in the spirit of Independence Day, Mumbai RotiBank conducted a major meal distribution drive. Our volunteers helped the students of Fazlani School distribute and connect with the hungry and destitute children.

The Fazlani School students collected a tidy sum of Rs. 12000 and divided themselves in six groups to serve 5000 meals to the poor along with Mumbai RotiBank's volunteers.

The students distributed food and also spent some quality time interacting and making friends with the children. It was a touching experience to see children coming together from two different worlds and yet treating each other with kindness and respect.

Some of the students from Fazlani High School were so touched by the experience that they shared their positive experience with us.

KENISHA, STD 11, SHARES WITH US WHAT IT WAS LIKE TO INTERACT WITH AND FEED THE NEEDY

Wow! Today was such a great experience. I'd like to thank Miss Arwa, for giving us the opportunity to experience such pure moments; it was truly heart-warming. On behalf of our entire class I can tell you that today was genuinely filled with so much joy.

My heart aches for the kids who were literally hiding the food under their clothes just so they could take it home.

Looking at the kids' faces light up, while playing games with us and eating the food we served, made me melt. It was such a wonderful experience.

Thank you!

Our volunteers also went across Mumbai to serve another 2000 meals. Check out our Instagram and Facebook pages for inspiring stories on our Independence Day Drive.
