World Cancer Day: Supporting Cancer Patients with Nutrition and Care

World Cancer Day, observed annually on February 4th, serves as a global reminder of the need for early detection, better treatment, and comprehensive support for those battling cancer. The 2025-2027 theme, "United by Unique," highlights the importance of personalized care, recognizing that every patient's journey is different. It calls for inclusive healthcare systems that prioritize accessibility, reduce stigma, and ensure that individuals receive the compassionate, tailored care they deserve. Proper nutrition plays a vital role in cancer recovery, helping patients maintain strength and improve their quality of life during treatment.

At Roti Bank, we strive to provide not just meals but also hope and nourishment to those in need. On this World Cancer Day, we distributed nutritious meals to cancer patients across Mumbai. While we regularly serve meals outside KEM Hospital, we have also extended our efforts to patients at Kharghar Cancer Hospital. Through these small yet impactful steps, we reaffirm our commitment to fighting hunger and supporting patients in their battle against cancer. Together, with collective efforts, we can make a difference, one meal at a time.

We have served more than 26+ million meals so far, and to increase our reach further more, we need a bigger fleet of vehicles and more personnel to handle the logistics.
